Card Design Software

By NBS Technologies

Javelin® DESIGNER
INTUITIVE CARD DESIGN SOFTWARE

Any card personalization software can help you create your cards. Javelin® DESIGNER gives you all the tools you need to create the perfect card for your needs in a simple and fun way. Within a few steps Javelin® DESIGNER makes it easy to Create, Connect, Encode, and Produce cards! Even before you start designing, your card looks fantastic. With several optional pre-loaded Card Designs to choose from all waiting to make it your own. With our Card Wizard you can create a card in just a few clicks. It's that simple! We offer the optional use of one our existing databases or you can connect to your existing database(s). With drag and drop features you can easily add fields to your card layout without all the complicated manual mapping of fields other software programs require. And there you have it: a beautifully designed, fresh, high-quality card created in minutes.

Javelin® Designer provides easy & flexible features to manage all card design, printing needs & encoding solutions

JAVELIN® DESIGNER CARD SOFTWARE OFFERS THESE ADVANTAGES:

ROBUST

Robustly structured application with continuous development

SIMPLE

Developed with ease-of-use in mind

RELIABLE

New updates & releases that keep pace with market demands ensuring your application is never out-of-date
