

HT-70

Full Height Turnstiles

Interior & Exterior Application

Dollar for dollar, Hayward Turnstiles are simply the best turnstile value in the access control industry.

We have engineered our turnstile product line with your needs in mind: Performance, aesthetics, reliability, and ease of maintenance.

In addition to turnstile and crowd control products, we offer design assistance for new installations, as well as custom fabricated devices.

Hayward Turnstiles provides access control systems regionally, nationally, and worldwide.

Contact us for more information about the new generation of turnstiles offered by Hayward Turnstiles.

Block Out Weather and Noise

The HT 70 Series is a full security, card access, tamper-resistant revolving door. It is designed for locations requiring improved visitor security or as the barrier between production and office areas.

Also available as a metal detector where higher security needs exist.

APPLICATION:

The HT 70 is quiet in day/night mode, it can provide free passage during regular working hours and controlled passage after hours with card access or biometrics. It is crafted of 6005-T6 high strength aluminum extrusion and features GE's transparent Lexan® polycarbonate cage panels and arms for an un-caged feel and appearance.
