ONYX BOOX Nova Air 2

Reading ebooks which has a 7.8" E Ink Carta Plus screen with higher resolution & the Regal function.
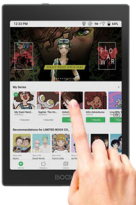

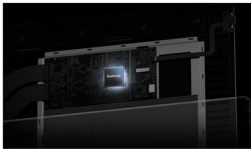

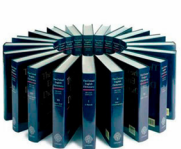

READ & WRITE WITH DELIGHT

ONYX BOOX Nova Air 2 is a stylish slim reader with an increased screen diagonal and a high—performance hardware platform. The model is equipped with a 7.8" high-resolution E Ink Carta Plus screen with dual touch control. Its built-in front light system allows you to adjust the color temperature with no flickering. Its Wi-Fi module makes it possible to work in two bands: 2.4 and 5 GHz. In addition, it is possible to connect wireless accessories via Bluetooth. The body of the E Reader is made of aluminum-magnesium alloy, and the screen is covered with Asahi protective glass.

The stylus coming with the device allows you to make drawings and notes in documents. Nova Air 2 is based on the Android 11 operating system and has the Google Play App Store.

Note. Due to the fact that part of the Flash memory is occupied by the system software, the memory available to the user is less than the total memory of the flash chip.

The device is designed primarily for reading e-books, but it also has some additional features which are defined by the installed s oftware. For example, the current firmware has the following functions such as note taking and drawing, access to the Internet, and others. The device is freely reprogrammable on request of the user who can install, delete and create programs. The device has a battery that provides a long, autonomous work.

OTHER FEATURES

Apps installation

The Nova Air 2 model is based on the Android 11 operating system and allows you to install and use various third-party apps, which significantly expand the possibilities of using the device.

Long-lasting Work

Low power consumption by the E-Ink display and battery capacity of 2000 mAh provides long-lasting autonomous functioning.

Language and Dictionary Support

The BOOX allows the user to read documents in different world languages. Amongst them there are such languages as Russian, English, German, French, Spanish, Arabic, Swedish, Dutch, Finnish, Polish, Chinese, Japanese and many others.
