

ONYX BOOX Nova Air C

E Ink Kaleido Plus color 7,8" screen with a lighting system and double touch control.

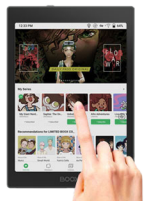

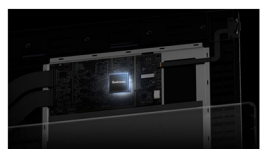

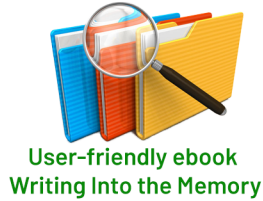

RIGHT MIX OF FUN & FEASIBILITY

ONYX BOOX Nova Air C is a device with an E Ink Kaleido Plus color 7,8" screen with a lighting system and double touch control. The contrast & color enhancement of these screens was significantly improved comparatively with the screens of previous generation. The model is made in a thin metal body and its screen is covered with an Asahi protective glass. The Nova Air C is based on a high performance 8-core processor and 3 GB of RAM, which provide high working speed in all the usage modes. A built-in Wi-Fi module allows you to use different network services, and the support of Bluetooth allows the user to connect different external devices.

Thanks to its enlarged screen, taking handwritten notes & color display, this model will become a perfect choice for those, who intend to combine ebooks reading and working with documents which have colored images.

Note. Since a part of the Flash memory size is system software, the portion available to the user is less than the total size of the memory chip.

The device is designed primarily for reading electronic books, but has some additional features which are defined by the installed software. For example, the current firmware has functions such as calendar, dictionary, access to the Internet, and others. The device has a battery that provides long, autonomous usage.

OTHER FEATURES

Apps installation

The Nova Air is based on the Android 11 operating system and allows you to install and use third-party apps which significantly enlarge the abilities of the device.

Long-lasting Work

Low power consumption by the E-Ink display and battery capacity of 2000 mAh provides long-lasting autonomous functioning.

Language and Dictionary Support

The BOOX allows the user to read documents in different world languages. Amongst them there are such languages as Russian, English, German, French, Spanish, Arabic, Swedish, Dutch, Finnish, Polish, Chinese, Japanese and many others.
