DTHA116

11.45" Android Pen tablet

DTHA116
For streamlined and adaptive paperless workflows

Product Overview:

The 11.45-inch Android pen tablet is a compact solution designed to enhance digital documentation and streamline paperless workflows. With its high-resolution IPS LCD display, it delivers sharp, clear visuals that make reviewing, signing, and sharing documents fast and efficient.

Equipped with 4,096 levels of pen pressure sensitivity, the tablet ensures precise, biometrically accurate electronic signature capture, providing customers with a secure, familiar, and intuitive signing experience. The anti-glare surface enhances durability while offering a comfortable pen-on-screen interaction for daily use.

Its slim, lightweight design supports both portrait and landscape orientations, making it easy to integrate into a variety of customer-facing environments. The portable form factor ensures businesses can maintain a clean, professional, and efficient workspace with minimal footprint.

Key Features & Benefits

11.45" Android Tablet for B2B application
It features a crisp TFT LCD display and runs on Android 14, making it a reliable choice for B2B applications with secure, efficient, and modern performance.

Wiring-free Signature workflow
Designed for seamless digital workflows, the 11.45-inch Android tablet streamlines operations with a wiring-free signature workflow over fast WiFi (802.11a/b/g/n/ac), eliminating PC connections and giving businesses a flexible, mobile, and customer-friendly pen display solution.

Sophisticated handwriting experience
Deliver a professional and intuitive handwriting experience with high-precision Wacom EMR pen technology. The battery-free EMR pen eliminates the need for charging, while the anti-glare cover glass reduces reflections and provides a comfortable writing surface. Designed for efficiency and accuracy, this solution is ideal for form filling, signing, and annotation, helping businesses streamline document workflows and improve customer interactions.

Wacom software compatibility
The tablet offers seamless compatibility with Wacom Signature SDK and Sign Pro PDF for efficient, digital-first workflows.

General Specifications

Dimension (W x H x D)	270.34 x 188.72 x 6.99 mm
Weight (incl. stand)	588 g
Chipset	Mediatek G99
Memory	6GB RAM + 64GB Flash
Camera	Front 5M pixels, Rear 4.7M pixels
WiFi	802.11a/b/g/n/ac
Bluetooth	v5.2
Battery	7,700 mAh
Audio	Built-in Dual Microphone Stereo Speakers
Waterproof	IP52
Power supply	DC5V 2A (USB Type-A to Type-C, connect Type-C side to DTHA116) DC 9V 2A (USB Type-C to Type-C, connect to AC adapter)
Communication interface	USB Type-C
Supported operating systems	Android 14 with GMS

Tablet and Pen

Technology	Electromagnetic Resonance (EMR)
Screen dimensions	11.45 inch / 60.4 cm
Report rate	270 points per second
Pressure levels	4096
Encryption	ES 256 / RSA 2048
Reading Height	10 mm

LCD Screen

LCD Panel Type	IPS LCD
Touch Input	Yes
Cover glass surface	Matte, Fingerprint-Resistant
Aspect ratio	3:2
Native resolution	2200×1440 pixels
Viewing angles (horizontal/vertical)	170° horizontal (85/85) / 170° vertical (85/85) (typ)
Luminance (brightness)	400 cd/m2 (typ)
Color Depth	24-bit color
Contrast ratio	1200:1 (typ)
Refresh rate	60Hz / 90Hz

Miscellaneous

Pen storage	Pen holder
Security lock slot	Yes, Kensington
Mounting system	VESA 75 x 75 mm
Signature software compatibility	Compatible with signature / eSign software and Wacom sign pro PDF; C++, .NET and Java SDK/API available for developers
Package content	Android tablet body USB Type-C cable (1 m) Pen Quick start guide Regulation sheet

*AC adapter not included.
A generic AC adapter can be used.
The Wacom AC adapter ACK44914A can be used.
