

GYM FACILITY SOFTWARE

eTOP GYM Software

A complete management system for gyms, studios, and martial arts facilities.

Streamline inquiries, memberships, billing, access control, attendance, and reporting in one connected platform.

eTOP

GYM MANAGEMENT SOFTWARE

How eTOP Works

From first contact to daily operations, every step connected, automated, and visible.

1. Inquiry & Lead Capture

Track every new prospect, manage follow-ups, and convert leads into active members.

2. Package & Billing Setup

Create packages, assign plans, record payments, and generate billing entries with clarity.

3. Member Activation

Register members, manage profiles, and activate access based on valid membership plans.

4. Biometric Entry & Attendance

Automate entry and exit with biometric access while tracking attendance in real time.

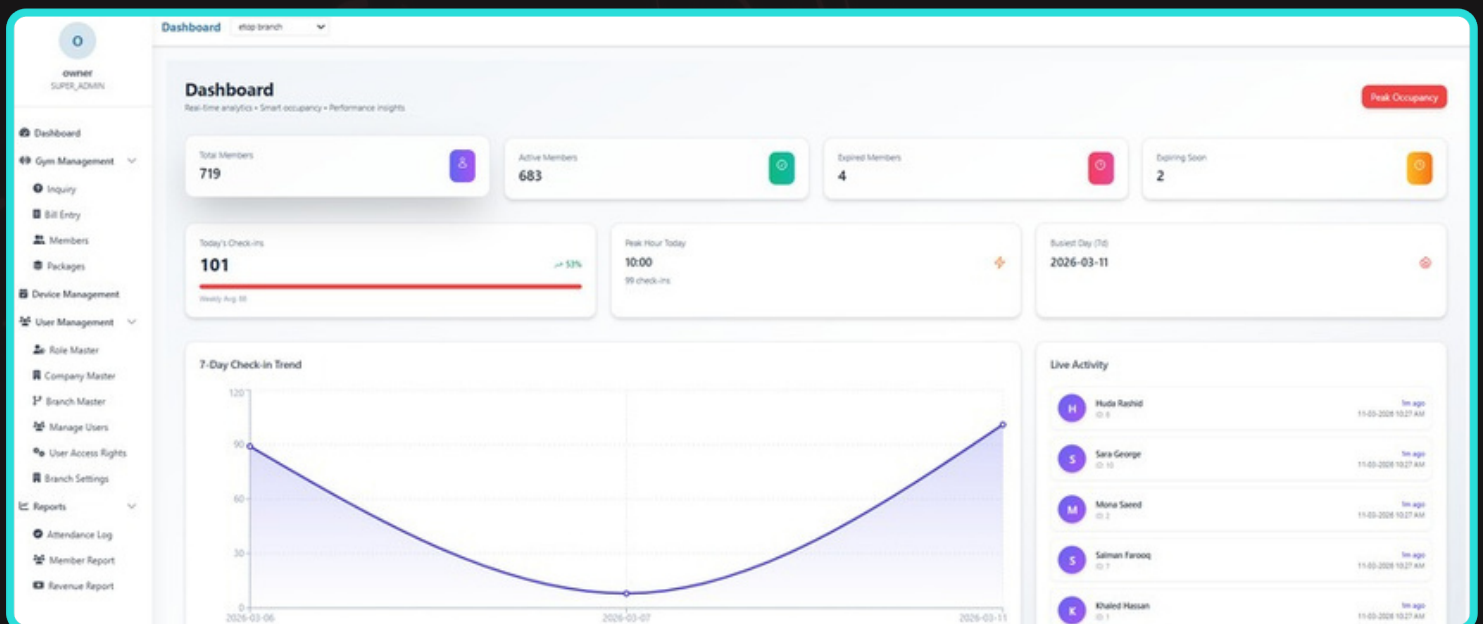

5. Dashboard, Reports & Revenue

Monitor revenue, member activity, attendance trends, and business performance from one dashboard.

One Platform. Every Operation.

No switching between tools. No data gaps. eTOP connects every touchpoint of your facility from the front desk to the back office in a single, unified workflow built for modern fitness businesses.

DASHBOARD

Core Features

Everything you need to run a professional facility is built in, not bolted on.

Biometric Access Control

Automated, contactless entry powered by fingerprint or facial recognition.

Membership Expiry Control

Auto-block expired members. Zero unpaid visits. Zero manual checks.

Comprehensive Member Management

Full member profiles, history, documents, and status all in one place.

Live Attendance Tracking

Real-time entry and exit logs with filterable attendance reports.

Billing, Payment & Invoicing

Record payments, generate invoices, and track dues with automated billing.

Customizable Packages & Plans

Design flexible membership packages for any class type or duration.

Inquiry & Lead Management

Capture prospects, assign follow-ups, and track conversion pipelines.

Advanced Reports & Analytics

Revenue breakdowns, attendance trends, and performance KPIs on demand.

Hardware Device Management

Manage biometric terminals and access hardware from a central console.

Role-Based User Access & Security

Define staff permissions and protect sensitive data with layered security controls.

REVENUE REPORT

Why eTOP ?

Built for facilities that demand precision, security, and real-time visibility and not more paperwork.

Save Hours Every Week

Automated workflows eliminate manual data entry, freeing your staff to focus on members and not admin tasks.

Harden Facility Security

Biometric access ensures only authorized, active members enter, eliminating badge sharing and unauthorized entry.

Track Revenue in Real Time

Live dashboards surface every payment, due, and trend, so you always know where your business stands.

Stop Unpaid Access Cold

Access auto-expires with the membership. No grace period abuse. No revenue leakage. Zero exceptions.

100%

24/7

UnifiedP latform

Biometric access with zero manual intervention required at the door.

All modules connected 4 no third-party integrations or data silos.

Unpaid Visits

Auto-expiry enforcement blocks access the moment membership lapses.

Revenue, attendance, and performance data available around the clock.

The screenshot shows the eTOP dashboard interface. On the left is a sidebar with navigation options: Dashboard, Gym Management (with sub-items Inquiry, Bill Entry, Members, Packages), Device Management, User Management, and Reports. The main area displays a 'Members' table with columns: Member ID, Name, Mobile, Email, Gender, Status, Join Date, Subscription, and Actions. The table lists 10 members, with the 3rd member (Ibrahim Noor) marked as 'expired'. At the bottom right of the table, it indicates 'Rows per page: 10' and '1-10 of 21'.

Member ID	Name	Mobile	Email	Gender	Status	Join Date	Subscription	Actions
